## HUERTA WILL QUIT MEXICO SAYS REPORT

VERA CRUZ, Mex., May 7.—(Associated Press by Federal Wireless).—Within the next 24 hours Mexico will be without a dictator, according to reliable reports received by the military authorities here last night. It is announced on good authority that President Huerta, realizing the uselessness of further carrying on a defensive campaign against the Constitutionalists, with the United States blocking every possible avenue for the receipt of arms and ammunition and with little hope of further assistance from those who have been backing him in his fight to retain his authority, has decided to resign.

## EIGHT PILOTS ARE ALL CANAL WILL NEED, SAYS OFFICER

[By Latest Mail]  
PANAMA.—Navigation of the Panama canal will have to be suspended during the early morning hours of stringent regulations enforced to ensure safety on account of fog in the Culebra cut, according to Capt. Hugh Rodman, U. S. N., who is slated to become superintendent of operation. It was found that from midnight until 7 or 8 o'clock every morning heavy mists and fog hang in the cut, which even without the menace of fog, will be one of the most difficult parts of the canal for the pilots.

Captain Rodman has recently made a number of trips through the cut during these hours. He says that nearly always the mist was so heavy that even his small launch had to slow down and feel its way. His explanation of the fog is the difference between the temperature of the Chagres river as it flows out through the cut and the surrounding atmosphere, causing heavy condensation during the late hours.

Canal operation will start with not more than eight pilots on the pay roll, according to Captain Rodman, who has been besieged with applications for pilot jobs. There seems to have been a general belief that 60 or more pilots would be engaged upon the opening of the new gateway of oceans, but Captain Rodman declares that six or eight pilots will answer all purposes for some time. If there is not enough pilot work for that many men the pilots will be kept busy at some other duty.

The National Potato Association of the United States will organize an international potato congress to deal with the production, distribution and marketing of potatoes, and to convene at the Panama-Pacific International Exposition at San Francisco in 1915. There will be a similar gathering in regard to alfalfa.

Even a good idea will sometimes strike a man when he is down and out.

## MYSTERIOUS DEATH OF WEALTHY PACKER

SAN FRANCISCO, May 6.—(By Federal Wireless).—Under circumstances which form the basis of one of the most puzzling murder mysteries that has come to light here in many months the body of William Galehouse, a representative of the Lady Washington Packing Company, was found dead in a warehouse of the concern's plant at nine o'clock this morning. The body as well as evidence surrounding it indicated that Galehouse was slain after a fierce struggle, but the murderer left no clue as to his identity and so far the police are without information that will be of service in solving the mystery.

## FREEDOM OF PRESS UPHELD IN DECISION IN MEMPHIS CASE

Upholding the freedom of the press as a "bulwark to our liberty to be preserved," the Court of Civil Appeals, in an opinion handed down by Judge Higgins, ruled that Gilbert D. Haine, editor and publisher of the Memphis (Tenn.) News-Scimitar, was not guilty of contempt as charged several months ago by Judge A. Pittman. The case was dismissed and the cost of prosecution placed on the county. Judge Pittman cited Mr. Haine for contempt when the publisher ordered printed in his newspaper a court order restraining Memphis newspapers from publishing the contents of an affidavit to which the restraining order pertained. The affidavit referred to certain testimony in a will case. The affidavit itself was not published, but the publisher was subsequently cited for contempt, sentenced to jail and to pay a fine of \$50.

## EDITORS IN BLOODLESS DUEL

Two Chicago newspaper men fought a bloodless pistol duel Sunday at sunrise in a grove near Riverside Park. The combatants were Christian Borker, editor of the Chicago Post, and Edward Peterson, editor of the Chicago Post. It resulted from articles published in the Post over the initials "N. P." which attacked Mr. Peterson, saying he had not proved his patriotism through his paper. A challenge was carried to Mr. Borker and he accepted. The two men stopped ten paces, wheeled and fired one bullet which each revolver contained. Both shots went wild. Then came a reconciliation and the principals are now facing prison terms or heavy fines.

"Of course you have made some promises you didn't keep." "Yes," replied Senator Sorghum. "But I never yet broke a promise to a man without giving him a better one in its stead." —Washington Star.

## FEDERAL TROOPS BADLY BEATEN AT SAN LUIS POTOSI

WASHINGTON, May 7.—(Associated Press by Federal Wireless).—According to advices received here last night, the Mexican Federals yesterday suffered one of the most severe reverses of the revolution with the defeat of General Torres and a force of 3600 Federals at Panzacos, near San Luis Potosi. News of the defeat was contained in a telegram from General Carranza to Raphael Zubaran, minister of the interior in Carranza's cabinet.

## GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Try this! Hair gets thick, glossy, wavy and beautiful at once—Stops falling out.

Immediate!—Yes! Certain!—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Danderine from any drug store or toilet counter and just try it.

Judge—How dared you strike your wife, sir? Husband—Well, she had her back to me and the kitchen door was open, so I took a chance.—Philadelphia Bulletin.

Patient—Doctor, this morning I missed some of my false teeth. I think I must have swallowed them. Doctor—Do you feel a gnawing sensation, madam?—Philadelphia Ledger.

## CALIFORNIA MILITIA ORDERED TO BE READY TO LEAVE CALEXICO

## LABOR MEN COMING TO TIME IN COLORADO

TRINIDAD, Colorado, May 7.—(Associated Press by Federal Wireless).—William Diamond, one of the union leaders here, last night declared that a shipment of three hundred rifles and sixty thousand rounds of ammunition is now en route here from New York consigned to the United Mine Workers of America to aid in carrying on their war in the coal regions of this state.

## HAITI PAYS INDEMNITY TO GREAT BRITAIN

PORT-AU-PRINCE, Haiti, May 7.—(Associated Press by Federal Wireless).—The National Bank of Haiti came to the rescue of the government late yesterday afternoon and guaranteed the payment to Great Britain of the sum of \$52,000. This amount was recently awarded Great Britain by a court of indemnity following the destruction of a mining mill in Haiti owned by a British syndicate.

## MUNITIONS FOR MILITIA

WASHINGTON, May 7.—(Associated Press by Federal Wireless).—Brig.-gen. William Crozier has sent an order to the war department asking for 170,000 rounds of ammunition for three-inch field pieces for use of the militia. The order will be filled at the Frankford arsenal.

Over 46,000,000 bunches, or more than 3,500,000,000 bananas, were imported by the United States in 1913. The immensity of these shipments can be more readily grasped by the statement that they would cover an area over 20 feet wide reaching from New York to San Francisco, or placed end to end, would extend more than 13 times around the earth at the equator. The "slip" in the peels would launch the ships of the world. The wholesale value of the 1913 importation, at point of export, was over \$15,383,000, while in all probability the consuming public of the United States expended over \$40,000,000 for this delectable fruit.

## ROOSEVELT SICK; HAD HARD TRIP INTO INTERIOR

PARA, BRAZIL, May 7.—(Associated Press by Federal Wireless).—Colonel Theodore Roosevelt and his party arrived here last night from their exploring trip into the heart of South America. Colonel Roosevelt plainly shows the effects of the hardships through which himself and his party have passed during the past several weeks. He has lost fifty-five pounds in weight and is slowly recovering from a painful abscess on one of his legs. He is still very weak and is far from the robust man he was when he entered the jungles.

## BAR APPOINTS PRESS QUIZ BOARD

Robert H. Elder, Edward J. Byrne and Edward H. Wilson were appointed recently by President Charles J. McDermott of the Brooklyn Bar Association to investigate the publication of articles in the newspapers respecting the Willett and Cassidy trials. Mr. Elder introduced a resolution at the last meeting of the association charging that the newspapers had interfered with the course of justice in the cases. The report of the committee will probably result in the preparation of a bill.

## PAINTS STATION AS POLICE SEEK HIM

[By Latest Mail]  
KEARNY (N. J.).—Like the man who pushed his spectacles onto his forehead and went around looking for them, Detective Oliver has been searching Kearny for two or three days after David Gordon, a painter, when Gordon was working all the time on the metal steeple over the police station and town hall, where Oliver went to report.

## EXTEND LINES IF NECESSARY SAYS FUNSTON ORDER

WASHINGTON, May 6.—(By Federal Wireless).—More aggressive measures in the handling of the Mexican situation as it presents itself in and about Vera Cruz are forecasted by instructions sent by the state department today to General Funston in which he is given authority to extend his lines and deploy his forces as he sees fit.

The action of the department was taken in response to advices from the general regarding the troublesome and menacing activities of Mexican federal soldiers in the vicinity of the city and a request that he be given permission to enlarge the territory under control of the American troops. General Funston reported that the outposts of his force had been fired upon by federals who were encamped several miles inland from Vera Cruz.

Gordon with running off with the valuable bronze paint he had provided. Meanwhile, Gordon and Davidson had settled their differences and the day before the arrest they were working side by side. When Oliver made it plain that the law must take its course Davidson found a lawyer for Gordon, who pleaded so well before Recorder Swimmer that Gordon was let off.

The best way to learn how to waste money is to get it easy.
